

I C U AFT DELEGATES

(I See You (I C U) is an excerpt from Avatar meaning, "I understand who you are," by James Cameron, Producer/Director.)

I C U AFT Delegates,

Wise of the forces that bond us,
AFT/PC, Teachers, PSRP's, Healthcare, Higher Education, and Public Employees.
Forces that must **not** bring us to our knees,
But give honorable recognition to educators and our enduring teaching deeds.

I C U AFT Delegates,

We have been brought to our knees!
But we still stand proud and depend on the forces that bond us...but,
We no longer bond with tenure, seniority, job security, good working conditions, and fair compensation,
For our families and future generations who are our true and daily solidarity.

I C U AFT Delegates,

Today, July 29, 2012 historically marks your "Independence Day!" from AFT/PC!
No longer will we sit or stand idly by while our "holy grail" of tenure is...,
Snatched from beneath our very 21st Century Age of Technology existence as,
Today we offer you AFT/BAMN! BAMN! BAMN!
America's future generation of Malcolm X's civil rights activist, "By All Means Necessary!"

I C U AFT Delegates,

By all means necessary we must retrieve our "holy grail" of tenure,
It is OURS... It is YOURS... It is AMERICA'S sustained road to literacy and academic achievement!
By all means necessary our students must gain ownership over their reading levels,
Not just be told their reading test score results..."Huh?!" Visit www.worldwideliteracy1.com

I C U AFT Delegates,

We have a genuine and authentic responsibility to our nation's at-risk inner-city students,
Poverty is the highest correlation to student under performance, not teachers – not schools,
As billionaire and millionaire capitalist use teacher bashing propaganda for profit and holy grail theft,
Ignoring education philosophy to educate at instructional levels, not frustration levels—like RTTT/NCLB.

I C U AFT Delegates,

BAMN will million person march for **displaced teachers** and the struggle to educate American students,
As we practice peaceful protests bequeathed us by our famous civil right leaders,
Mahatma Gandhi, Dr. Martin Luther King, Jr., Nelson Mandela and,
As our forefathers: Washington, Jefferson, Adams, Franklin, Hamilton, and Madison won independence,
This is your WIN! and your "INDEPENDENCE DAY!" Grab it! Embrace It! Own It! You earned it! It's yours!
